## Check It Out!

By: Smitty

Not a whole lot to report from the editor’s desk. July was a very busy month for many Chapter A members with Wing Ding 29 and all. Chapter A had a super showing at Wing Ding with 32 chapter members taking part. The Chapter A web site continues to attract many visitors and our online photo gallery is a very popular destination. I have not added much new content to the web site over the past month, mainly because I have not received anything new. I am still soliciting for the submission of photos of our members with your trusty Wings. I would like to have as many of our chapter members’ photo published to the web site as possible.

Publishing photo albums of our chapter group rides gives visitors of our website an opportunity to see what a great time we have on our rides as well as possibly inspiring others to join in for what has proved to be some awesome outings.

## Chapter Educator’s Corner

Provided by: Dave Gormley

### MASTERS PROGRAM OVERVIEW

Gold Wing Road Riders Association has always promoted safety through education. However, it wasn’t until January 1988 the Rider Education Program began to gain momentum, with member participation increasing continuously through the years. There are now over 20,000 member participants in the program. The “Rider Ed” Program has four levels:

•LEVEL I

“Safety By Commitment”

You may sign up for the Rider Education Program’s Level I at any time. There are no prerequisites or minimums to meet. Simply bring your commitment to make riding safer for yourself and those with whom you ride.

• LEVEL II

“Safety By Education”

To progress to this level, you must have signed on at Level I. achieved at least 5,000 safe riding miles since becoming a GWRRA member and have taken an approved riding training course (riders) or an approved co-rider training course (seminar or 2-Up riding course) within the past two years.

• LEVEL III

Certified Tour Rider/Co-Rider

“Safety By Preparedness”

You must be current in Level II, have CPR or First Aid training certification and carry a First Aid kit on your bike.

•LEVEL IV.

Master Tour Rider/Co-Rider

“Safety by Enhanced Preparedness & Experience”

You must be current and have a full year at Level III, have ridden at least 25,000 safe miles since joining GWRRA, have

completed an approved Rider Training course within the past year and must be certified in both CPR and First Aid. Co-riders must meet the same requirements with the substitution of a Co-Rider seminar or 2-Up riding course.

REMEMBER THAT THIS IS A COMMITMENT TO PRACTICE SAFE RIDING.

Use of recognized equipment is part of the commitment; for example, use of DOT or better helmet, eye protection, full finger gloves, long sleeve shirt, over the ankle shoes. These are the minimum items that are recommended.

## Biker

Provided By: Dave Novitt

I saw you, hug your purse closer to you in the grocery store line.

But, you didn't see me; put an extra \$10.00 in the collection plate last Sunday.

I saw you; pull your child closer when we passed each other on the sidewalk. But, you didn't see me, playing Santa at the local mall.

I saw you; change your mind about going into the restaurant. But, you didn't see me, attending a meeting to raise more money for the hurricane relief.

I saw you, roll up your window and shake your head when I drove by. But, you didn't see me, driving behind you when you flicked your cigarette butt out the car window.

I saw you, frown at me when I smiled at your children. But, you didn't see me, when I took time off from work to run toys to the homeless.

I saw you, stare at my long hair. But, you didn't see me, and my friends cut ten inches off for Locks of Love.

I saw you; roll your eyes at our leather coats and gloves. But, you didn't see me, and my brothers donate our old coats and gloves to those that had none.

I saw you; look in fright at my tattoos. But, you didn't see me, cry as my children were born and have their name written over and in my heart.

I saw you, change lanes while rushing off to go somewhere. But, you didn't see me, going home to be with my family.

I saw you, complain about how loud and noisy our bikes can be. But, you didn't see me, when you were changing the CD and drifted into my lane.

I saw you, yelling at your kids in the car. But, you didn't see me pat my child's hands, knowing he was safe behind me.

I saw you, reading the newspaper or map as you drove down the road. But, you didn't see me squeeze my wife's leg when she told me to take the next turn.

I saw you, race down the road in the rain. But, you didn't see me get soaked to the skin so my son could have the car to go on his date.

I saw you; run the yellow light just to save a few minutes of time. But, you didn't see me, trying to turn right.

I saw you; cut me off because you needed to be in the lane I was in. But, you didn't see me, leave the road.

I saw you, waiting impatiently for my friends to pass. But, you didn't see me. I wasn't there.

I saw you; go home to your family. But, you didn't see me. Because, I died that day you cut me off.

I was just a biker. A person with friends and a family, But, you didn't see me.

## Group Rides

**Lions and wolves and bears, OH MY!**

By: Elizabeth

It's all true; we saw two mountain lions, two Mexican wolves, and one black bear (no partridge in a pear tree) and of course we also saw snakes. Right about now, you might be wondering what in the world we were doing? Not to worry, we were safe and saw these creatures at the Desert Museum.

The July 21 evening ride took us to the beautiful and famous Desert Museum. If you've never been—it's worth your time and it's especially interesting in the dark. Although we missed seeing the hummingbirds, javelinas, and the prairie dogs since they were already sleeping.

We met up at 6:30 p.m. at the El Con Mall parking lot. We had three bikes and five cars for a total of 15 people (Bill and Nancy, Randy and Pam, Gary and Kerry, Steve and Laurie, Dave and Dee, Smitty and Elizabeth, Mark and Elena, and DW). Yes, some of us decided not to brave the elements of the upcoming thunder storms/monsoon rain and two couples met up with the group at the museum. A new couple joined us for the ride, Mark and Elena. They found out about the group and ride from our newsletter and Lumpy. They are new to Tucson—just moved here from Rio Rancho (near Albuquerque) about a month ago. Hopefully, we did not scare them away and they'll join us on future rides.

The ride to the museum was beautiful, in the car or on the bike. It was made extra exciting by the construction and detours through downtown and the I10 bridge being torn down on Speedway.

We had dinner at the Ocotillo Café. Some of us had just dessert and some enjoyed the wonderful Sonoran cuisine. After dinner we walked the paths and enjoyed the sights and smells of the beautiful evening until about 9 p.m. at which time we bid farewell and went our separate ways. Until next time...

## Off to the Pines – Weekend Getaway in Show Low

By Laurie Williams

It was a beautiful Saturday morning – slightly overcast with the sun peaking thru occasionally. Our touring group consisted of Dave & Sandie Novitt, Randy & Pam Crockett, Ron Penner, Dan & Dona Humphrey, Jon & Sharon Hofer, Garry & Kerry Woo, & Steve & Laurie Williams on bikes. With Bill & Nancy Cordray – roughing it with the Toyota. Heading towards Safford, we co-riders watched the clouds – they were so close you can almost catch them. It was evident that rain had been there hours prior – as usual, water is in large puddles on the roadside and as the sun was coming thru steam rising over the land. Perfect riding weather!

Our first gas stop was just inside the area of Safford. Quaint little market – so quaint they only had one grade of gasoline! Just thought you would like to know that one-holers take more time to get out of – for future reference. Off we went to Clifton - Morenci. This was absolutely a must see for those who enjoy old towns – the buildings were old but so picturesque. We could just picture what a bustling little town this was in its day. The colors spectacular within the mine and the big trucks going down the huge man made canyon was a site to see.

Back on the road just thru the mines there stood a mountain goat heading up the hill. This was our first sign of wildlife other than the wingers. The winding road just beginning – I think Sharon counted 184 curves...I chose to count something a little less stomach turning and counted the different colors of flowers (9) along the way. The rains have really brought the flowers out. We saw many animals – fox, deer, and I think it may have been a moose but some say it was an elk – looked like a moose to me. We almost outfitted our trike with a squirrel – just about landed on my lap! I think if it had, some one may have had to bring me around by smelling salts. Do they still use the stuff?

By the time we made it to Hannigan Meadow we all were pretty hungry...our planned lunch stop was too early. So unless you like hotdogs from a general store – pack your lunch. They do have a real nice lodge in Hannigan Meadow that serves dinner by appt. only. Off we went again (putting back on the rain gear – got pretty good at doing this!) Lunch was in Alpine at the Bear Wallow Café. Just as we arrived the heavens really opened up and dumped buckets of water. We all headed for the porch – good thing it was a big one – I think the whole town was there eating. Good food, so it was worth the wait plus it gave us a break from the rain. I didn't actually mind waiting to eat – going through the curves on a full tummy may have been a waist of money....yuck! Arriving in Show Low just about 5:00 pm - still sprinkles- everyone checked in and walked down the road for Mexican food – like true wingers. Enjoyed good friends and great food! We rounded up and headed back around 8:00 to the hotel.

Planning for the next morning in our meeting place (under the check in cabana) breakfast at 6:45 am and some decided to sleep in, others left for home early and then a few of us headed for the Painted Desert and Petrified Forest after breakfast. Jon's breakfast was the most interesting of all – He called it “Moose sh\*\* in sauce” – actual chocolate donut holes covered in chocolate pudding. Jon are you sure it was Moose and not Elk? After breakfast we said our goodbyes and our group – Pam &

Randy, Kerry & Garry, and Steve & I headed to the desert. The sights were awesome – this part was a clear DRY excursion. As true troopers of GWRRA we head back to Show Low for Chapter W's meeting and as the rain holds true – just arriving we were hit with a wall of water this time. Thunder & lighting all around, the meeting went on without a hitch...except for the wet tee shirt contest between Randy & Pam – I guess it's who you talk to who was the winner. But they made it safely back to the meeting after a side shopping trip to Wal Mart for rain gear. We enjoyed good fellowship with the Chapter and pizza too! I was really impressed that the women were riders – most of them! I guess I was inspired – If they can do it so can I.

After the rain letup just a bit we headed down the road – encouraged by Dan & Donna that they made it home dry – we still outfitted in gear (just in case) then hit the road homeward bound. We did real well even in the Salt River area –where dodging rocks became part of the adventure - not to mention it was raining pretty hard here. The clouds thru the mountains were breath taking. These looked like you could also reach out and touch too but our wings truly don't have wings so flying was not an option. One strike of thunder right above us had me sitting up paying attention. As I looked up at the mountain above us it had a black cloud just sitting on it. The rest of the clouds in the area were grey and white. I was glad not to be stuck behind any slow moving vehicles at this point. We left the Salt River area to absolutely wonderful driving conditions all the way home. Good time – great fun! We can't wait to go riding again.

## Vegetable picking in Willcox

By: Smitty

The turn out for this early morning ride, to Apple Annie's You-Pick-It farm in Willcox, was not very good. Present were Garry & Kerry Woo, and Smitty. Yep, only two bikes. But not a problem, we waited around until quarter after the hour and then decided to depart on the ride as planned with only two bikes. And I am glad we did. We three had a wonderful time. The weather for the ride down to Willcox was nothing short of awesome with the temperature hovering around 73 degrees. We stopped at the TA truck stop in Willcox for a hearty breakfast; one shouldn't shop on an empty stomach. After about a 45-minute breakfast break we headed off to the farm to gather our harvest. We arrived shortly after the farm opened so there were very few people to compete with. We picked tomatoes, hot and mild green chili peppers, egg plant, green beans, zucchini squash, and sweet corn on the cob. We decided to pass on the peaches and pears orchard, didn't really want to ride on the dirt road, so we headed back to the old pueblo and we were back home by 11:30am.

## GWRRR-AZ at Chase Field

Here is the information on the tickets we have purchased for the baseball game. The regular price is \$35.00 per ticket; we will be getting **2 tickets for the \$35.00** and will be in Section 112.

These are much better than average seats; we have 28 of the 50 already spoken for. We will be having other Chapters joining us for a true GWRRR event. Make your check payable to GWRRR Chapter S. Please send your check to:

**Bob Biegel**  
30061 N. 47 St.  
Cave Creek, AZ 85331

We have selected **September 17**, for this year's GWRRR Day at the D'Backs vs. SF Giants. We will be presenting the flag and we will have 2 for 1 ticket. This may end up being a special game because **Barry Bonds** should be close to setting the all time home run record for baseball. I am working out the details for price and seat selection, should be about the \$35.00 range, but because it's 2 for 1 you save half. We need to order these tickets in pairs. Please RSVP me for your early guarantee ASAP. We have to buy these tickets up front so we need to know how many to order. Thanks.

## Ride Coordination Meeting

The August ride coordination meeting was once again a roaring success. This month we had 15 people attend the meeting. Rides through October were firmed up.

## Upcoming Chapter Rides

**21 August – Dinner ride to La Casitas Restaurant** in Mammoth. This mid week ride is just what the doctor ordered to de-stress yourself in the middle of the week. The meeting point for this ride will be the Chevron station located at Oracle and Magee. Contact the ride sponsor, Steve Williams, if you have any question.

### **30 August – 2 September – California District Rally**

It off to the Hollywood hill for this years California rally. This should be an interesting and scenic ride and I am sure the California rally will be a fun time for all.

### **7 September – Something Sweet Ride in**

If you have never been to the Something Sweet café you really should show up for this one. This is not a ride but a ride in. Just show up for what will be a relaxing social event. This café serves up some of the most wonderful desserts in Tucson. They also serve up coffee, teas and other beverages.

### **28 – 30 September – New Mexico Rally in Silver City**

Several riders have already made their reservations to go the New Mexico rally. We're leaving Friday morning and returning Sunday morning. This is our chance to support our neighbors, do some last minute benchmarking for our rally and give the NM folks a personal invitation to the AZ District Rally. Go to <http://www.gwrra-nm.org/districtrally/index.asp> for details.
