# GWRRA - Arizona Chapter

## "A"

### Pioneer Chapter

Arizona District

Region F - California, Nevada, Arizona, Utah, Colorado, New Mexico & Hawaii

#### Chapter A Director

##### From the desk of Dean Jernigan

As you have read in this newsletter Garry and Kerry have moved up to District Directors. I would like to take this opportunity to introduce ourselves, Dean and Jeannine Jernigan, we are the new Chapter A directors. I currently work at Raytheon as an Information Assurance Officer (Computer Security) and Jeannine just passed her test for her RN and is now looking for a job. We started in GWRRA a little over 1 year ago, when we bought Dave and Dee Gormley's old Gold Wing, it is a Pearl White 1998 1500SE and it had 184,000 miles on it. We got it around the middle of November 2007.

The day after I picked it up Jeannine really wanted to go somewhere, so with no planning we packed up, gassed up and drove to Sedona for the weekend. It was a nice ride up to Sedona and we had no problems with the bike, although, I did have to call Dave and ask what kind of gas mileage that Gold Wings get because I was kind of guzzling the gas, he told me 40+ give or take, I told him I was only getting about 35 he asked how fast I was going, and I told him, (I won't publish the speed here because it may incriminate me) and he said that I should probably slow down if I want to get better gas mileage. The Sedona area is a great area to ride, there was one area about 13 miles up 89A where the curves were so tight you could read your own license plate, those made me pretty nervous after only one day on a Gold Wing, but we did ok. We had a great time while we were there; sometimes the best trips are those unplanned. The bike has only 300 miles to go till I hit 200,000 and it is still running great, a testament to the care it received for the first 184,000, which I continued. It is always easier to keep things going strong if they were well cared for when you got them. That is just what Garry and Kerry have done with Chapter A. I am much more comfortable taking over knowing that they have kept the chapter in great running condition and I know if we maintain the care that has gone on before, and with the help of a great staff and dedicated members, that Chapter A has many, many more great miles ahead. We said earlier sometimes the best trips are those unplanned, this is one of those, I think this move took everyone by surprise, we welcome it, and look forward to working with all of you, and know this will be a fun, and rewarding experience. Good Luck Garry and Kerry, thanks for everything.

Dean & Jeannine Jernigan

P.S.

Some of you may be wondering what staff changes might be taking place. Well I plan to keep the current staff in place. I am only adding new staff members. Mike and Susan Heritage are stepping up to be my second Assistant Chapter Directors; Ron Penner is staying on in that position as well. Kim and Laury Windsor have volunteered to be Assistant Stores, work-

ing with Gene and Jeannie McGaughey and Assistant Ride Coordinators, working with Steve and Laurie Williams.

#### From the desk of Garry Woo, District Director

Well it has been a great year and some major changes have already taken affect in a very short time. You folk's in Chapter A have a new Chapter Director, Dean Jernigan. He has my complete confidence and respect and he will do a wonderful job. Kerry and I have moved up to District Director for Arizona and we have already started doing the job. We will be going to all of Chapter A's functions as usual. Kerry and I will be around to enjoy all the members and their antics because we call Chapter A home. I thank the staff and the membership for all of your help, participation and support. The staff made Kerry and I look like we knew what we were doing, and all of our successes were caused by your support. Thanks .

Garry Woo

#### Getting to Know Your Chapter Staff - February 2009

##### AZ-A Assistant Chapter Directors

##### Mike and Susan Heritage

Susan (originally from Chicago) has lived in Arizona for 37 years, and Mike moved here from Wisconsin four years ago.

In July 2006 they found each other on yahoo! Susan wrote to Mike, sent a picture and the rest is history! They met after three weeks of lots of talking on the telephone! They married in June 2007 here in Tucson. Together they have five children and four grandchildren who live in Wisconsin or Tucson; with the exception of a son serving our country in the Army in Iraq.

Mike started riding motorcycles when he was 10 years old; his first bike was a Bridgestone 90.

Together they ride a black 1993 1500 which they bought in August 2008 - their first gold wing. They are planning a great ride on the bike this summer up to Wisconsin and North Carolina.

Mike and Susan joined GWRRA and Chapter A in September 2008, so they are brand new to the chapter and looking forward to being our new assistant chapter directors.

Written and submitted by Debbie Ammons

On Sunday morning, January 18th 2009 riders began arriving at the chevron station located at I-10 & Wilmot. This was a touring Arizona ride with lunch scheduled at the golden corral in Sierra Vista and two locations to visit after lunch.

By the departure time of 10 a.m., 17 motorcycles and six trikes had arrived. We had a total of 23 vehicles and 31 people. Present were members from chapter's "A" and "K" and two motorcycles to join up at I-10 and the Sonoita highway exit from chapter "G".

On this day, the weather promised to be just right for the ride. It was warming up nicely and just a slight breeze as we departed I-10 and Wilmot.

We were broken up into four groups and departed at ten minutes after ten. As we turned south onto highway 83, the two bikes from chapter "G" joined us and we continued on to Sonoita where we took our first break. Joining in on the ride were Dave/Dee, Mike/Debby McClaren, Shirley/Frank, Merle, Jerry/MaryAnn Jordan, Bill, Pablo,

Geb/Christy, Cliff/Diana, Steve/Laurie, Jon/Sharon, Chuck, Bob Berry, Harold, Ron Penner, Ron Norris, Dean/Jeannine, Barry/Nancy, Jimmie Collins. Candy, Mike Sangster.

We continued riding toward Sierra Vista and took the by-pass which led us to highway 92 and the golden corral. We spent about an hour at lunch, then said good bye to those that are not a part of the touring Arizona program. The rest of us traveled on to Ramsey canyon.

Ramsey canyon was one of those places that are very beautiful and snuggled into a canyon filled with lots of scrub oak and juniper trees. The visitor's center was open and I purchased my usual refrigerator magnet. Lots of pictures were taken and all had a great time.

We had spent about 45 minutes to an hour there then departed to the Coronado national memorial. Once at the memorial, I was told that I had taken Dave Gormley on a road in Arizona that he had never been on. By this time of day, the outside temperature was just perfect for this days ride. The Coronado memorial is also nestled into a canyon with beautiful scenery and native vegetation. We also visited the visitor's center and I purchased another magnet for the refrigerator. Everyone had a nice ride and really enjoyed this day's trip. After approximately an hour, we departed for home. Both of these locations are easy to get to since the road is paved. If you have not visited these places, I suggest you do. Bill Leach

POE Ride to Chapter K about our chili cookout in March

WOW, great turnout from Chapter A, good for us.

CONGRATULATIONS to Chapter K's new Director-Elizabeth and her staff.

Good luck in all of you endeavors and wishes for a great year.

Enjoyed the meeting. Went on a ride after, through Picture Rocks and the Nat'l park..

Jerry and Maryann Jordan rode with us--Dave & Dee, Geb & Christy, and Jon & Sharon.

Jordan's returned via Gates Pass and the rest of us ( the 3 RED RIDERS) rode on to Tubac, we had heard there was a classic car show. It was huge( 580 cars), held on the golf course grounds.

Beautiful day. Returned to the Longhorn in Amada for a late lunch. Visited with very friendly Harley riders from Chandler, they had toured the Titan Museum.

They commented on how nice our chapter shirts looked (yes sir!!!)

Most of the day was unplanned, and it was a good one. Until next time-Hugs Dee

2-03-09 Ride to Chapter E

POE ride to Sierra Vista

announcing our CHILI COOKOFF

Left the Chevron at 4 PM. A little windy, but sunny. It did get cool on the way down, on comes my electric- YES!! We had 4 bikes, and one car. Garry and Kerry, Bill Leach, Ron Penner, Dave and Dee. Chapter E held a good meeting and we won some door prizes. Nice to see and visit old friends. And ,oh yes, we happened to steal another Mascot (Elvis). Now we have 3 keeping Alfie company. Seems other chapters need to come visit us to retrieve theirs. Maybe the chili cook off???

Very nice ride home via Sonoita.

Ride safe--hugs, Dee

# Your First Passenger

## Neither your lady, nor your child!

By: James R. Davis

Though not all, and perhaps not most, motorcyclists carry a passenger from time to time, there are occasions when you might wish to do so.

Most often that happens when you wish to share the good feeling of being on two wheels with your lady or she has decided that she would like you to give her a ride on that motorcycle. The problem is that you have never done it before and wonder how to get experience before trying it the first time for real.

My advice is simple: **Your lady is the wrong person to be your first passenger. (Your CHILD is an even worse choice!)**

Your first passenger should only be an experienced motorcycle rider. Period.

That rider/passenger KNOWS what they are getting into and the risks involved and can be depended upon not to cause you problems while you are learning how to handle your bike with a passenger aboard.

[YOU have been a passenger before, right? If not, you need to experience the total lack of control and dependence a passenger has on the rider before even thinking about mounting a passenger on your bike!!!]

Your first passenger should meet you at and mount your bike on a practice range (typically, an abandoned open parking lot) - that is, you do NOT travel on city streets with your first passenger in order to get to a practice range - and with that passenger on your pillion you MUST practice mounting, dismounting, starting, stopping, backing up, and low speed turns. You must NOT leave that practice range with your passenger until your stops are ALWAYS smooth (and without foot 'hops') and you can make 90 degree slow speed turns without (ever) a need to slap the ground with your down leg to keep the bike upright.

Grin and bear it - you WILL be awkward and less than smooth the first time. An experienced rider will understand that.

Putting an inexperienced person on the pillion for your first passenger is the best way to damage the 'relationship' and most likely will cause that person to NEVER get on a motorcycle again. You can be sure that you will NOT impress your lady. Surely that's not your objective, right?
