# GWRRA - Arizona Chapter

## "A"

### Pioneer Chapter

Arizona District

Region F - California, Nevada, Arizona, Utah, Colorado, New Mexico & Hawaii

#### Chapter A Director

##### From the desk of Dean Jernigan

The last chapter meeting was my first as Chapter A director and it was amazing. We had a huge crowd and many guests We got to visit with!!!!It was a great first meeting! We had a wonderful time at Chapter G's poker run and congratulations go to our very own Diane Lumpkin who won with best hand. The Pot luck at Debbi and Ron Penner's was marvelous, good food, good friends and good times. We have been working diligently to make this year's chili cook off a success and by the time you get this newsletter it may be either, in progress, or over. I would like to thank everyone on the staff for doing such a great job and helping to keep me on the right track since this is my first chili cook off. I am so grateful for such a great crew.

As I look at the calendar I see that we have a joint ride with chapter K to the Renaissance Festival, on the 22<sup>nd</sup> of March, which is always fun. Another event is the ARC training class at 9am on the 28<sup>th</sup> it is a great class given by Dave Gormley. Unfortunately, that class conflicts with the Chapter K monthly meeting but due to many scheduling conflicts and the length the class that is the date and time we had to choose. Some good news though, the Trike Class also given by Dave Gormley is the next Saturday on the 4<sup>th</sup> of April.

Talking about training, reminds me of safety, which makes me think of my daughter's boyfriend's accident with an 18 wheeler this last weekend? He got in to a scrape with the front wheel and made it out of it with only minor injuries. We are very thankful that it was not worse. I have asked him to write an article for this newsletter, giving us the details and lessons learned. He titled it The 6 Month Period; I think the title should be Miracle on the I 10.

Well this has been a great month thank you Chapter A for making it that way.

Ride Safe!

Dean G. Jernigan

AZ-A Chapter Director

## Mar 2009

The 6 month period is when you first buy a motorcycle and people say you are more likely to have an accident within the first 6 months of motorcycling, this even happens to some people who are riding on a daily basis. Some people do make it past the 6 month period, but as for me I did not. On March 7th 2009 I was driving from the Kino exit onto I-10. I checked my mirror and thought It was clear, soon I found out I wasn't. As I started to merge I was hit by the bolts on the front rim of a semi. The next thing I remember was driving next to the trailer and thinking I was fine, as I swerved away from the trailer and continued to follow the semi. After pulling off to the side, I got off my bike and saw the damage to my bike and knew I was lucky to be alive and to not end up under the trailer. The truck driver said that when she pulled over she was afraid that she would find me under her truck. My ankle was hit and sprained and my foot peg was broken off. Next time I know not to believe my mirrors and check with my eyes. I should of checked with my eyes in addition to checking my mirror, this is what happened to me and could have been a lot worse, but I am very lucky it wasn't.

#### Getting to Know Your Chapter Staff - February 2009

AZ-A Chapter Educator & Sunshine Lady

##### Dave & Dee Gormley

Dee met Dave (who was living in Colorado) at one of her brother's class reunions. Dave was there visiting his parents in the small town of Fairfield, Idaho. They married in 1981 in Reno, Nevada. They then moved Dee to Boulder, Colorado, where Dave worked, from Boise, Idaho, where Dee had been living. Dave started riding motorcycles after they married because Dee liked motorcycles; they bought their helmets and took the riding class before buying their bike They started out riding a Yamaha 750 in 1982 and then shortly thereafter bought a Candy Regal brown GL 1100 Interstate and then got involved in GWRRA in 1983.

Dave and Dee moved to Tucson in 1990 from Lafayette, Colorado; Dave transferred with IBM (he was on the ski patrol for 24 years) and Dee worked as an RN in Geriatrics.

In 1988 they bought their first (of three) GL 1500. Dave and Dee joined GWRRA Chapter A in 1991. They've held several positions; Rider Educator, then Assistant Chapter Director, then Director then back to Rider Educator. For many, many years Dee has been involved on the phone tree and has been the Sunshine Lady. They were AZ-A COY 1995, District-1996, Region COY 1997, and the Region Couple of the Year Coordinators for five years.

Together they have five children and three grandchildren who live in Idaho and Colorado.

Dave and Dee now ride a 2005 black cherry GL 1800 which they bought in 2007 - their fifth gold wing! Last year they rode 20,000 miles, for a total of 450,000 miles now. They are planning a great ride on the bike this summer up to Wing Ding and Idaho.

Interview and article by Debbie Ammons

The 6 Month Period  
by Jay Rivera  
Date Occurred: 3/7/09  
Time Occurred: 5:30 pm  
Location: I-10 and Kino Exit  
Bike: Honda CBR 600RR  
Period without a crash: 4 months and 1 week

2-18-09 Wednesday  
Pistor School Fair(bike,car, show)

We met at 8am at the Checkers lot, 2700 Valencia. Pablo was our leader and we left at 6:30 for the school. There were 9 bikes. And as always it drew attention, especially when we all rode into the school and parked. Lots of new cars and old ones also. And some very unusual ones. The kids were anxious to sit on the bikes, lots of girls, and they were allowed to do that when they asked. They learned a lot about the bikes.

It turned out to be a nice day, a little cool, but sunny. We were served lunch as well.

Some lucky ones won door prizes. We left about noon.

A very nice event and the school was very pleased with all of the participation.

Would be nice to do it again next year. Thanks to everyone that attended.

Hugs, Dee

Goldwinger Song to the tune of I'm a little teapot... :)

I'm a little Gold Winger, short and stout.

Here are my handles, here is my spouse

When we get all fed up, then we shout

Let's get the Gold Wings and go out.

Riding on the back road, knowing the route.

Stopping at the DQ, is what its all about.

When we get our tummy full, we turn about.

Get on the Wings and head on out.

When we go a riding, there's no doubt.

We can have more fun than anyone else.

Riding' in our staggered form, someone shouts

I need a potty break, help me out!

I'm a little Gold Winger, short and stout.

GWRRA, is what its all about.

Safety and knowledge, there's no doubt.

Friends and fun for all, so come on out!

Submitted by Debbie Ammons

### Riding Highway 77

Laurie Williams

It was a beautiful Sunday – the sun was not completely out but peeking thru the clouds as six bikes and two cars headed north. The run to Mammoth for lunch at La Casitas is always worth the trip. Highway 77 is always a good run and the scenery just fantastic. The snow is still on the backside of the mountain – however not too far down from the top. The skunks must be taking a vacation – I think this is the first ride that we have not smelled one! Turning into the restaurant the whole parking lot was full of motorcycles of all kinds. You would think it was a biker bar – I guess it was just such a nice day to be out and they have good food. As we wondered into the restaurant we saw many familiar faces from Tucson (AZ Honda's group) so after being polite and chatting a bit we all sat down and ordered our food – and boy were we (I) hungry. We didn't have long of a wait even with the full house. Rita & Jeff joined us at the restaurant - they have a taupe wing. Others in attendance were Dave & Dee, Geb & Christy, Dean & Jeannine, Bob & Althea, Ron, Harold, Van & Barbara, and Steve & I. A few of us after lunch headed up to Superior for Dairy Queen and back thru Florence, Az. Along the way we saw a few roads we might have to go explore.

### A GOOD HEART DAY

On Feb 14, we had a real good turn out for our annual Heart run( CPR/First aid refresher).

This year was different. We had Ray and Sandy Garris from Phoenix come down to teach us.

This was the first time for most of us to be taught under the guidelines of medic First Aid(MFA).

We had large turn out. 31 people attended.

We also had a very good pot luck lunch.

Thanks again for all of those that turned out. Make your plans again for next year at the same time for more refreshers.

# OUR TRIP OF A LIFETIME!

## (Part 1 – Planning Accommodations)

Gene had been talking about a trip to Nova Scotia for a long time. Suddenly in 2007 at Billings Wing Ding, we found ourselves free for an afternoon and signed up for a presentation on the Motorcycle Travel Network (MTN). What a great idea; for a small fee, we were able to join up to, not only host folks traveling through our area on motorcycles, but also to stay at their homes for only \$20 per night AND that includes bed and breakfast! Perhaps our trip to Nova Scotia could become a reality!

Flash forward to February 2008. We enjoyed our first guests with Motorcycle Network, a young couple from Vancouver, BC, on their way to Key West. Mike and Cheryl had trucked their Harley from Vancouver to San Diego, got new tires, and were riding from San Diego to Key West and back in three weeks! Like us, Mike and Cheryl have one bike, ride two up, and don't have a trailer so this was the perfect opportunity for us to learn how they arranged accommodations along the way. Low and behold, we learned about another travel group we could join that also provides bed and breakfast; the Evergreen Club.

Like MTN, Evergreen required a nominal membership fee and then you suddenly have a huge group of "friends you haven't met yet" and all for only \$15 per night per couple...that is the Evergreen philosophy and we found it to be absolutely correct. And so between MTN and Evergreen, suddenly we could begin planning in earnest.

Gene loves spontaneity in our rides but I, for one, prefer to know where I am sleeping each night. This can sometimes be a tricky combination but we seem to make it work. We decided to leave Green Valley on August 12 in time to make Region F Rally in Canon City, Colorado. In planning our route, the biggest lesson to be learned was that we needed to be flexible since our hosts might not live just exactly along the road we planned to drive. This, however, allowed us to see some countryside that we might otherwise have missed and it certainly gave us the opportunity to meet folks that we are now grateful to know!

By the time we arrived back in Green Valley on September 30 we had been on the road for 50 days (49 nights) and stayed in motels eight nights, stayed with relatives two nights, long-standing friends four nights, and all the rest were with ... not strangers ... "just friends we hadn't met yet".

(Motorcycle Travel Network and Evergreen Club are both online and we recommend you check them out.)

Gene & Jeanie. Cont'd next month

2-22-09

Ride to Mammoth--La Casitas--lunch-11am.

We had 7 bikes and 2 cars enjoy the ride as well as the weather. Very nice day.

Jeff Martensen and Rita Joined up with us at the cafe.

Van/Barbara Hartline and Steve/Laurie Williams drove their cars.

Dave & Dee Gormley, Geb & Christy Bailey, Ron Penner, Dean & Jeannine Jernigan were group # one. Cliff & Diana Sias, Harold Breuninger, Bob & Althea Berry in group # two.

After a good meal. 3 bikes and one car continued on to Winkleman and then Superior for ICE CREAM--AT THE DAIRY QUEEN--YEA!! Where else would good Goldwinger's go??

Steve and Laurie drove on to Phoenix for a Bull riding contest. 3 bikes rode to Florence, gas and on home. Saw a lot of Daisies and poppy's beside the road.

The rest of the group returned home the same route we had taken to Mammoth.

Ride safe!! Hugs, Dee

### What you always wanted to know about Douglas but were afraid to ASK

Douglas is home to the historic *Gadsden Hotel*, which opened in 1907. Named for the Gadsden Purchase, the stately five-story, 160-room hotel became a home away from home for cattlemen, ranchers, miners, and businessmen. The hotel was leveled by fire and rebuilt in 1929. The Gadsden is recognized as a National Historic Site. The Gadsden's spacious main lobby is majestically set with a solid white Italian marble staircase and four soaring marble columns.

An authentic Tiffany & Co. stained glass mural extends forty-two feet across one wall of the massive mezzanine. An impressive oil painting by Audley Jean Nichols is just below the Tiffany window. Vaulted stained glass skylights run the full length of the lobby.

Douglas was founded as a smelter town, to treat the copper ores of nearby Bisbee, Arizona. The town is named after mining pioneer James Douglas. Two copper smelters operated at the site. The Calumet and Arizona Company Smelter was built in 1902. The Copper Queen operated in Douglas from 1904 until 1931, when the Phelps Dodge Corporation purchased the Calumet and Arizona Company and took over their smelter. The Calumet and Arizona smelter then became the Douglas Reduction Works. Douglas was the site of the Phelps-Dodge Corporation Douglas Reduction Works until its closure in 1987. The smoke stacks of the smelter were not taken down until January 13, 1991.

The town was a site of the Arizona Copper Mine Strike of 1983.

The "Cowboys Home Saloon" was the location of the fatal shooting of bar owner Lorenzo "Lon" Bass. The accused was Arizona Ranger William W. Webb. The date was February 8, 1903. A full report can be read in *The Arizona Rangers* by Bill O'Neal pub, Eakin Press Austin Texas.
